

Seavendors.com is a global ship suppliers catalogue specifically created for local shipchandlers' business promotion. Our aim is to create the biggest database of shipchandlers and local ship service providers from all around the Globe.

There are thousands companies involved in servicing ships in hundreds ports all around the world every day. Our task is to combine all local general suppliers and service providers in one place that will contribute to optimization of day-to-day business activities to both Sellers and Buyers.

For Sellers this is a good opportunity to announce about your business and services provided to numerous professionals within the maritime industry and potential new clients. Seavendors.com promotes your brand awareness free of charge, make your business closer to your potential customers.

For Buyers the database can be an alternative source of information helping to find special company in a specific port minimizing time for search. By using the Search Box you will find necessary information just in few clicks. Choose the category and location or just type your keyword to find a company you need.
